Regional Sales Consultant

Advanced Nutrients, based in Brisbane, are specialists in the fields of agriculture and horticulture, assisting our farmers with ongoing sustainability and crop health.

Our expanding Sales Division requires a dedicated and focused Regional Sales Consultant to complement the existing sales team.

Reporting to the National Sales Manager, the responsibilities of the role include:

- Identifying and developing new business opportunities
- Building long term relationships with retailers, growers, and independent industry groups
- Prepare and present information seminars
- Product promotion at trade shows
- Meeting sales targets
- Provide professional customer service

The ideal candidate will have the following qualifications /skills:

- Tertiary qualifications in either -Agronomy / Horticulture / Sales / Marketing
- Excellent organisational and planning skills,
- Current drivers license together with a good driving record
- Work autonomously and as part of a team
- Self motivated
- A willingness to learn and grow

Regional Sales Consultants are sought for northern New South Wales and north Queensland.

A competitive package which includes a fully maintained company vehicle, laptop and mobile phone is available for the right candidate.
