**OVERVIEW**  
 "The phosphates market is on fire. Most major producers are sold out through September with only OCP and EuroChem having any unsold DAP/MAP. Moreover, the possibility of a Q4 weakening looks less likely with fresh tenders announced in Iran and Ethiopia plus a strong anticipated performance in the US domestic market".

We would like to help you miss any price rises on our Allfert DAP™ and Black DAP™ in 1 tonne bags. All you need to do is order and pick up before the 31<sup>st</sup> August 2010 and don't pay until the 30<sup>th</sup> November 2010.
